WEDDING CELEBRATIONS AT THE BAYVIEW AT BALLYCOTTON

Thank you for considering The Bayview at Ballycotton for your wedding celebrations. The Bayview is an intimate four-star 34 Bedroom Country House Hotel on the Cliffs overlooking Ballycotton Bay and Harbour.

Each and every wedding is different and when looking at locations for your wedding, you really have to first get an idea as to what you want your celebration to be.

The Bayview offers something unique with its combination of stunning location and quality, imaginative food. Overlooking Ballycotton bay, every bedroom has a view of the ocean while our gardens meander down to a small rocky cove. Our Garden Terrace is ideal for your pre-dinner drinks reception.

Over the winter we refurbished both the 'Capricho Restaurant' and Reception area of the hotel; the result a mix of modern and classical design that retains an intimate Country House feel.

The menus below were created by our award-winning Head Chef Ciaran Scully and illustrate his imagination and passion for only the best local produce. When we host a wedding at the Bayview our Brides & Grooms enjoy the hotel on an exclusive basis; all our staff will be totally dedicated to your day.

With the above in mind we would hope that your guests would take at least 30 of our luxurious sea view bedrooms at our special wedding rate. Our Bridal Suite is complimentary on your wedding night.

If we have not met you yet, we would be delighted to meet and start the journey towards making your wedding day the most special day we possibly can. We feel Bayview and Ballycotton are both unique and very special places and we would hope to share this with you. Again, many thanks for your interest in the Bayview and if we can be of any assistance or would like to arrange a meeting please do not hesitate to contact us.

Yours sincerely

Stephen Belton
